## THE CITY OF BATH

Bath is one of the most picturesque towns in England, and the perfect place to live while studying. It is a beautiful historic city situated in the South West of England. Surrounded by hilly countryside, it is a busy, successful university town filled with stimulating things to do and exciting places to visit, such as the famous Roman Baths and Pump Rooms, the Circus, the Royal Crescent and the medieval Abbey.

There is a large modern sports complex in the city centre, and additional sporting and recreational facilities are readily available. Bath is a modern city with very good shopping and cultural opportunities. It is located one and a half hours from London by train and is well served by road and train networks, local and national. Day excursions can be taken to Stonehenge, Cardiff, Bristol, Shakespeare's Stratford-upon-Avon, Oxford, London and seaside resorts such as Bournemouth and Weston-super-Mare.

Bath's unique mix of natural and man-made wonders have created one of the world's loveliest cities. It is one of only three cities in Europe, and the only one in Britain, to be designated a World Heritage City by UNESCO. Bath offers an intriguing blend of ancient and modern, set in peaceful Cotswold Hills countryside.

There are plenty of diversions available locally to counter the pressures of study, including extensive shopping facilities, spa facilities, a variety of restaurants, cinemas, theatre and boating on the river Avon. The city of Bath also boasts the University of Bath, one of the top universities in the country.

## EXAM PREPARATION

### The IELTS Test

The International English Language Testing System (or IELTS for short) is recognised by English-speaking universities as evidence of the required level of written and spoken English for entry to both undergraduate and post-graduate degree courses.

#### Test Structure:

All candidates must complete four Modules:

✓ Listening	✓ Reading
✓ Writing	✓ Speaking

All candidates take the same Listening and Speaking Modules. There is a choice between Academic and General Training in the Reading and Writing Modules.

**Scoring:** There is no pass or fail in IELTS. Instead, each candidate receives a band between 1.0 and 9.0.

**Dates:** IELTS can be taken at the University of Bath every month, and in certain other cities almost every week.

**Cost:** IELTS currently costs around £105.00. Please note that the cost of the examination is not included in the Bath Academy course fees.

### IELTS Preparation at Bath Academy

Several Bath Academy teachers are also IELTS examiners, so we have a team of real experts to help you with your IELTS preparation.

Most universities require a level of IELTS 6.5, so this is generally the target for the IELTS course. Students' English level should be at least IELTS 5.0 before starting this course. If a student does not have this level, we would recommend that they take an Intensive English course until their level is strong enough to join the IELTS class.

In the mornings, students join our Intermediate, Upper-Intermediate or Advanced General English class, focusing on grammar, vocabulary and pronunciation, and offering practice in the four skill areas: listening, speaking, reading and writing.

The afternoon classes provide preparation and practice for the IELTS examination, and there are regular IELTS practice tests. It is also possible to study on our **Intensive Preparation for IELTS (IPI)** class, consisting of 25 lessons per week (mornings and afternoons) of IELTS preparation. This is normally for a maximum of 4 weeks. Please contact us for details.

We will be happy to help you with your application for the exam. For more information about IELTS, visit [www.ielts.org](http://www.ielts.org)
